FAQS

Q: How long should I take Slim Caps™ for?

A: To jump-start weight loss, take 2–3 capsules two times per day with meals, for a two-week period. Before you resume taking Slim Caps™, wait for at least one month.

Q: How does digestion affect weight loss?

A: Your digestive system breaks food down into nutrients like vitamins and minerals that your body absorbs, while eliminating useless waste and dangerous toxins. Frequently, however, due to poor diet and other imbalances in the body, toxins can build up and cause digestion problems. This can lead to weight gain, fatigue, nutrient deficiency, and other unhealthy side effects.

RECOMMENDATION
