

# Product Fact Sheet

## Spirulina

OWNER EXPERTISE FORMULATION

KOSHER CERTIFIED

SELF-MANUFACTURED

HALAL CERTIFIED

MADE WITH NATURAL INGREDIENTS

## BENEFITS

- No chemicals or additives
- Super concentrated

## IT'S A PROTEIN, IT'S AN ALGAE, IT'S A SUPERFOOD!

With more protein, per weight, than chicken, soy, or beef, and a good source of iron, omega 3 fatty acids, calcium, niacin, potassium, magnesium, and B vitamins, spirulina is the superfood that you need to work into your diet. This blue-green algae has been harvested from salty lakes in Latin America and Africa for hundreds of years, and is one of the oldest life forms on earth. See what it can do for your well-being.

## PHILOSOPHY OF REGENERATION®

Sunrider's Spirulina is based on the Philosophy of Regeneration®—the belief that we should nourish and cleanse the body with the best nutrition to reach balance, and thus optimal health. Our bodies are designed to recognize whole foods as nourishment, which is why Sunrider uses natural ingredients, like the superfood Spirulina. Our trade-secret manufacturing process of extraction and concentration delivers potent nutrition for maximum absorption and the best results.

## INGREDIENT HIGHLIGHTS

### SPIRULINA

Widely known as "the original superfood," spirulina provides various vitamins and minerals. It's particularly rich in beta-carotene (a precursor to vitamin A). Spirulina is commonly taken to support overall health, the immune system, and physical stamina.\*

## FAQS

**Q:** What is spirulina and where does it come from?

**A:** Spirulina is a species of edible micro algae that grows naturally in warm ponds and lakes. Spirulina is also cultivated and harvested in man-made reservoirs. In its natural state, it has a mild taste common to freshwater algae and has a long history of human consumption.

**Q:** Why is the Sunrider brand of spirulina better than other brands?

**A:** Sunrider's owners are experts in the fields of health and science. Sunrider's exclusive formulas are made using a trade-secret process that extracts and concentrates a product's beneficial nutrients while minimizing any negative properties. This results in products that are superior in concentration, safety, and effectiveness.

## RECOMMENDATION

Three capsules at mealtimes.
