TOP®

PERFORM AT THE TOP OF YOUR GAME

Need to boost your mental clarity? We have the solution. Top® is a unique herbal concentrate designed to help you think more clearly and enhance mental sharpness.* Top's nutrient-rich ingredients nourish the neurotransmitters of the brain, prompting many people to refer to this supplement as "brain food."* Top® also promotes mental and emotional balance for an overall sense of well-being.*

PHILOSOPHY OF REGENERATION®

Sunrider's expertise in formulation and concentration ensures its products are much more concentrated than other brands. It takes dozens of pounds of raw herbs—which are cleaned, ground, powdered, formulated, extracted, condensed, and flow-dried—to produce just one pound of finished product. The herbs are further enhanced with a spray-dry process to optimize potency. When you consume a Sunrider® product, you're getting the maximum antioxidant and nutritional benefits in every capsule, packet, or vial. That's the power of Sunrider concentration.
